Nordic approval of one component PUR adhesives from Kiilto OY

We hereby confirm that Kestopur 1010, 1015, 1020, 1050, 1025 and 1030 are approved by the Nordic expert Committee for use in glued laminated timber and finger jointed solid timber. The adhesives are, by the committee, declared for use in glulam beams which can be CE-marked according to EN 14080. The mentioned adhesives will be added to the Nordic adhesive list which can be found on NTI's homepage (www.treteknisk.no).

Yours sincerely,
Norsk Treteknisk Institutt
